Forgotten Books Excerpt from *Inventory of Federal Archives in the States* The plan for the organization of the Inventory is as follows: Series I consists of reports on the administration of the Survey, acknowledgments, and general discussions of the location, condition, and content of federal archives in the states. Succeeding series contain the detailed information secured by workers of the Survey, in inventory form, a separate series number being assigned to each of the executive departments (except the Department of State) and other major units of the Federal Government. Within each series No. 1 is a general introduction to the field organization and records of the governmental agency concerned; the succeeding numbers contain the inventory proper, separate numbers being assigned to each state in alphabetical order. Thus, in each series, the inventory for Alabama is no. 2, that for Arizona No. 5, that for Arkansas No. 4, etc. About the Publisher *Forgotten Books* publishes hundreds of thousands of rare and classic books.
