**MINERALS YEARBOOK**

---

---

**REFORM OR REPRESSION**

---

---

**ORGANIZING AMERICA'S ANTI-UNION MOVEMENT**

---

**University of Pennsylvania Press** The precursors to today's right-to-work movement, advocates of the open shop in the Progressive Era argued that honest workers should have the right to choose whether or not to join a union free from all pressure. At the same time, business owners systematically prevented unionization in their workplaces. While most scholars portray union opponents as knee-jerk conservatives, Chad Pearson demonstrates that many open-shop proponents identified themselves as progressive reformers and benevolent guardians of America's economic and political institutions.
