THE OXFORD COMPANION TO COMPARATIVE POLITICS

INDEX

Fills a gap in scholarship on an increasingly important field within Political Science. Comparative Politics, the discipline devoted to the politics of other countries or peoples, has been steadily gaining prominence as a field of study, allowing politics to be viewed from a wider foundation than a concentration on domestic affairs would permit.

THE OXFORD COMPANION TO COMPARATIVE POLITICS

Fills a gap in scholarship on an increasingly important field within Political Science. Comparative Politics, the discipline devoted to the politics of other countries or peoples, has been steadily gaining prominence as a field of study, allowing politics to be viewed from a wider foundation than a concentration on domestic affairs would permit.

THE OXFORD HANDBOOK OF COMPARATIVE POLITICS

Oxford University Press, USA *The Oxford Handbook of Comparative Politics offers a critical survey of the field of empirical political science through the collection of a set of chapters written by 48 top scholars in the discipline of comparative politics*

THE OXFORD HANDBOOK OF COMPARATIVE POLITICAL THEORY

Oxford University Press, USA *"The Oxford Handbook of Comparative Political Theory provides an entry point into this burgeoning field by both synthesizing and challenging the terms that motivate it. The handbook demonstrates how mainstream political theory can and must be enriched through attention to genuinely global, rather than parochially Euro-American, contributions to political thinking. Entries emphasize exploration of substantive questions about political life-ranging from domination to political economy to the politics of knowledge-in a range of global contexts, with attention to whether and how those questions may be shared, contested, or reformulated across differences of time, space, and experience. They connect comparative political theory to cognate disciplines including postcolonial theory, area studies, and comparative politics. Creative organizational tools such as tags and keywords aid in navigation of the handbook to help readers trace disruptions, thematic connections, contrasts, and geographic affinities across entries"--*

THE OXFORD COMPANION TO POLITICS OF THE WORLD

Oxford ; New York : Oxford University Press *Discusses international affairs, political institutions and leaders, historical development, and sources of political change and conflict throughout the world.*

THE OXFORD HANDBOOK OF PUBLIC POLICY

Oxford University Press *This is part of a ten volume set of reference books offering authoritative and engaging critical overviews of the state of political science. This work explores the business end of politics, where theory meets practice in the pursuit of public good.*

THE OXFORD HANDBOOK OF INTERNATIONAL RELATIONS

Oxford University Press *This Oxford Handbook assembles the world's leading scholars in International Relations to present diverse perspectives about purposes, questions, theories, and methods. It will become the first point of reference for scholars and students interested in these key issues.*

THE OXFORD HANDBOOK OF POLITICAL ECONOMY

Oxford University Press *Oxford Handbooks of Political Science are the essential guide to the state of political science today. With engaging contributions from 71 major international scholars, the Oxford Handbook of Political Economy provides the key point of reference for anyone working in political economy and beyond.*

THE OXFORD HANDBOOK OF COMPARATIVE CONSTITUTIONAL LAW

OUP Oxford *The field of comparative constitutional law has grown immensely over the past couple of decades. Once a minor and obscure adjunct to the field of domestic constitutional law, comparative constitutional law has now moved front and centre. Driven by the global spread of democratic government and the expansion of international human rights law, the prominence and visibility of the field, among judges, politicians, and scholars has grown exponentially. Even in the United States, where domestic constitutional exclusivism has traditionally held a firm grip, use of comparative constitutional materials has become the subject of a lively and much publicized controversy among various justices of the U.S. Supreme Court. The trend towards harmonization and international borrowing has been controversial. Whereas it seems fair to assume that there ought to be great convergence among industrialized democracies over the uses and functions of commercial contracts, that seems far from the case in constitutional law. Can a parliamentary democracy be compared to a presidential one? A federal republic to a unitary one? Moreover, what about differences in ideology or national identity? Can constitutional rights deployed in a libertarian context be profitably compared to those at work in a social welfare context? Is it perilous to compare minority rights in a multi-ethnic state to those in its ethnically homogeneous counterparts? These controversies form the background to the field of comparative constitutional law, challenging not only legal scholars, but also those in other fields, such as philosophy and political theory. Providing the first single-volume, comprehensive reference resource, the 'Oxford Handbook of Comparative Constitutional Law' will be an essential road map to the field for all those working within it, or encountering it for the first time. Leading experts in the field examine the history and methodology of the discipline, the central concepts of constitutional law, constitutional processes, and institutions - from legislative reform to judicial interpretation, rights, and emerging trends.*

THE OXFORD HANDBOOK OF POLITICAL THEORY

Oxford University Press *Oxford Handbooks of Political Science are the essential guide to the state of political science today. With engaging contributions from 51 major international scholars, the Oxford Handbook of Political Theory provides the key point of reference for anyone working in political theory and beyond.*

INTRODUCTION TO COMPARATIVE POLITICS: POLITICAL CHALLENGES AND CHANGING AGENDAS

Cengage Learning Updated to reflect today's political climate, the seventh edition of *INTRODUCTION TO COMPARATIVE POLITICS* offers a country-by-country approach that allows students to fully examine similarities and differences among countries and within and between political systems. Each chapter offers an analysis of political challenges and changing agendas within countries and provides detailed descriptions and analyses of the politics of individual countries. The text offers a condensed narrative and student-friendly pedagogy, such as marginal key terms and questions that will help them make meaningful connections and comparisons about the countries presented. This edition consists of 13 country case studies, as well as a case study on the European Union, providing an interesting sample of political regimes, levels of economic development, and geographic regions. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

THE OXFORD HANDBOOK OF POLITICAL LEADERSHIP

Oxford University Press Political leadership has returned to the forefront of research in political science in recent years, after several years of neglect. This Handbook provides a broad-ranging and cohesive examination of the study of political leadership.

THE OXFORD HANDBOOK OF COMPARATIVE LAW

Oxford University Press This fully revised and updated second edition of *The Oxford Handbook of Comparative Law* provides a wide-ranging and diverse critical survey of comparative law at the beginning of the twenty-first century. It summarizes and evaluates a discipline that is time-honoured but not easily understood in all its dimensions. In the current era of globalization, this discipline is more relevant than ever, both on the academic and on the practical level. The Handbook is divided into three main sections. Section I surveys how comparative law has developed and where it stands today in various parts of the world. This includes not only traditional model jurisdictions, such as France, Germany, and the United States, but also other regions like Eastern Europe, East Asia, and Latin America. Section II then discusses the major approaches to comparative law - its methods, goals, and its relationship with other fields, such as legal history, economics, and linguistics. Finally, section III deals with the status of comparative studies in over a dozen subject matter areas, including the major categories of private, economic, public, and criminal law. The Handbook contains forty-eight chapters written by experts from around the world. The aim of each chapter is to provide an accessible, original, and critical account of the current state of comparative law in its respective area which will help to shape the agenda in the years to come. Each chapter also includes a short bibliography referencing the definitive works in the field.

INTRODUCTION TO COMPARATIVE POLITICS

Wadsworth Publishing Company This brief edition of the bestselling, full-length *Introduction to Comparative Politics* uses the same key themes to frame the presentation of each country's politics, placing a strong emphasis on political economy. This edition's easy to read 8x10" format and two-color design features new pedagogy, such as a marginal glossary, while maintaining the essential material of the full text.

THE OXFORD HANDBOOK OF CARL SCHMITT

Oxford University Press The *Oxford Handbook of Carl Schmitt* collects thirty original chapters on the diverse oeuvre of one of the most controversial thinkers of the twentieth century. Carl Schmitt (1888-1985) was a German theorist whose anti-liberalism continues to inspire scholars and practitioners on both the Left and the Right. Despite Schmitt's rabid anti-semitism and partisan legal practice in Nazi Germany, the appeal of his trenchant critiques of, among other things, aestheticism, representative democracy, and international law as well as of his theoretical justifications of dictatorship and rule by exception is undiminished. Uniquely located at the intersection of law, the social sciences, and the humanities, this volume brings together sophisticated yet accessible interpretations of Schmitt's sprawling thought and complicated biography. The contributors hail from diverse disciplines, including art, law, literature, philosophy, political science, and history. In addition to opening up exciting new avenues of research, *The Oxford Handbook of Carl Schmitt* provides the intellectual foundations for an improved understanding of the political, legal, and cultural thought of this most infamous of German theorists. A substantial introduction places the trinity of Schmitt's thought in a broad context.

THE OXFORD HANDBOOK OF POLITICAL PHILOSOPHY

Oxford University Press This volume includes 22 new pieces by leading political philosophers, on traditional issues (such as authority and equality) and emerging issues (such as race, and money in politics). The pieces are clear and accessible will interest both students and scholars working in philosophy, political science, law, economics, and more.

THE OXFORD HANDBOOK OF AMERICAN BUREAUCRACY

OUP Oxford One of the major dilemmas facing the administrative state in the United States today is discerning how best to harness for public purposes the dynamism of markets, the passion and commitment of nonprofit and volunteer organizations, and the public-interest-oriented expertise of the career civil service. Researchers across a variety of disciplines, fields, and subfields have independently investigated aspects of the formidable challenges, choices, and opportunities this dilemma poses for governance, democratic constitutionalism, and theory building. This literature is vast, affords multiple and conflicting perspectives, is methodologically diverse, and is fragmented. The *Oxford Handbook of American Bureaucracy* affords readers an uncommon overview and integration of this eclectic body of knowledge as adduced by many of its most respected researchers. Each of the chapters identifies major issues and trends, critically takes stock of the state of knowledge, and ponders where future research is most promising. Unprecedented in scope, methodological diversity, scholarly viewpoint, and substantive integration, this volume is invaluable for assessing where the study of American bureaucracy stands at the end of the first decade of the 21st century, and where leading scholars think it should go in the future. The *Oxford Handbooks of American Politics* are a set of reference books offering authoritative and engaging critical overviews of the state of scholarship on American politics. Each volume focuses on a particular aspect of the field. The project is under the General Editorship of George C. Edwards III, and distinguished specialists in their respective fields edit each volume. The Handbooks aim not just to report on the discipline, but also to shape it as scholars critically assess the scholarship on a topic and propose directions in which it needs to move. The series is an indispensable reference for anyone working in American politics. General Editor for *The Oxford Handbooks of American Politics*: George C. Edwards III

THE OXFORD HANDBOOK OF IRISH POLITICS

Oxford University Press Ireland has enjoyed continuous democratic government for almost a century, an unusual experience among countries that gained their independence in the 20th century. But the way this works in practice has changed dramatically over time. Ireland's colonial past had an enduring influence over political life for much of the time since independence, enabling stable institutions of democratic accountability, while also shaping a dismal record of economic under-development and persistent emigration. More recently, membership of the EU has brought about far-reaching transformation across almost all aspects of Irish life. But if anything, the paradoxes have only intensified. Now one of the most open economies in the world, Ireland has experienced both rapid growth and one of the most severe crashes in the wake of the Great Recession. On some measures Ireland is among the most affluent countries in the world, yet this is not the lived experience for many of its citizens. Ireland is an unequivocally modern state, yet public life continues to be marked by formative ideas and values in which tradition and modernity are held in often uneasy embrace. It is a small state that has ambitions to leverage its distinctive place in the Atlantic and European worlds to carry more weight on the world stage. Ireland continues to be deeply connected to Britain through ties of culture and trade, now matters of deep concern in the context of Brexit. And the old fault-lines between North and South, between Ireland and Britain, which had been at the core of one of Europe's longest and bloodiest civil conflicts, risk being reopened by Britain's new hard-edged approach to national and European identities. These key issues are teased out in the 41 chapters of this book, making this the most comprehensive volume on Irish politics to date.

THE OXFORD HANDBOOK OF GENDER AND POLITICS

Oxford University Press The *Oxford Handbook of Gender and Politics* brings to political science an accessible and comprehensive overview of the key contributions of gender scholars to the study of politics, and it shows how these contributions produce a richer understanding of politics and societies.

THE OXFORD HANDBOOK OF PUBLIC MANAGEMENT

Oxford University Press, USA *The public sector continues to play a strategic role across the world and in the last thirty years there have been major shifts in approaches to its management. This text identifies the trends in public management and the effects these have had, as well as providing a broad overview to each topic.*

THE OXFORD HANDBOOK OF THE EUROPEAN UNION

Oxford University Press *The Oxford Handbook of the European Union brings together numerous acknowledged specialists in their field to provide a comprehensive and clear assessment of the nature, evolution, workings, and impact of European integration.*

THE OXFORD HANDBOOK OF CHURCH AND STATE IN THE UNITED STATES

OUP USA *21 essays present a scholarly look at the intricacies and past and current debates that frame the American system of church and state, within 5 main areas: history, politics, sociology theology/philosophy and law.*

THE OXFORD HANDBOOK OF AMERICAN ELECTIONS AND POLITICAL BEHAVIOR

Oxford University Press *The Oxford Handbook of American Elections and Political Behavior offers comprehensive coverage of the various theoretical approaches to the study of American elections and political behavior. The chapters are thoughtful and creative, providing broad overviews of intellectual developments and challenges, as well as incisive commentary on the accomplishments of, and challenges facing, scholars of American politics. Substantively, the Handbook includes chapters focusing on various approaches and issues in research design, political participation, vote choice, presidential and non-presidential elections, and issues, interests and elites as influences on individuals' political behaviour. Each of the chapters offers a working research bibliography, as well as retrospective evaluations of research and discussions of fruitful paths for future research. The Oxford Handbooks of American Politics are a set of reference books offering authoritative and engaging critical overviews of the state of scholarship on American politics. Each volume focuses on a particular aspect of the field. The project is under the General Editorship of George C. Edwards III, and distinguished specialists in their respective fields edit each volume. The Handbooks aim not just to report on the discipline, but also to shape it as scholars critically assess the scholarship on a topic and propose directions in which it needs to move. The series is an indispensable reference for anyone working in American politics. General Editor for The Oxford Handbooks of American Politics: George C. Edwards III*

THE OXFORD COMPANION TO THE ECONOMICS OF CHINA

Oxford University Press, USA *This Oxford Companion to the Economics of China presents a new collection of perspectives on the Chinese economy's past, present and future. The contributors of these entries include: the best of young Chinese researchers based in China and outside; renowned academics from the top universities in China, Europe and North America; present and past senior officials of international agencies like the World Bank and the International Monetary Fund; senior Chinese government officials from the Centre and the Provinces; and four recipients of the Nobel Prize in Economics. The Editors are four global leaders in Chinese economic analysis and policy who between them have held or hold the following positions: Director General, International Food Policy Research Institute; Co-Editor, China Economic Review; President Chinese Economists Society; Assistant Director of Research at the IMF; Principal Adviser to the Chief Economist of the World Bank; and Professors of Economics at Ivy League Universities.*

THE OXFORD COMPANION TO POLITICS OF THE WORLD

New York : Oxford University Press *Articles discuss international affairs, political institutions and leaders, historical developments, and sources of political change and conflict around the world*

THE OXFORD HANDBOOK OF POLITICAL INSTITUTIONS

OUP Oxford *The study of political institutions is among the founding pillars of political science. With the rise of the 'new institutionalism', the study of institutions has returned to its place in the sun. This volume provides a comprehensive survey of where we are in the study of political institutions, covering both the traditional concerns of political science with constitutions, federalism and bureaucracy and more recent interest in theory and the constructed nature of institutions. The Oxford Handbook of Political Institutions draws together a galaxy of distinguished contributors drawn from leading universities across the world. Authoritative reviews of the literature and assessments of future research directions will help to set the research agenda for the next decade.*

THE OXFORD HANDBOOK OF POLITICS AND PERFORMANCE

Oxford Handbooks *While political scientists and political theorists have long been interested in social and political performance, and theatre and performance researchers have often focused on the political dimensions of the live arts, the interdisciplinary nature of this labor has typically been assumed rather than rigorously explored. This volume brings together leading scholars in the fields of Politics and Performance--drawing on experts across the fields of literature, law, anthropology, sociology, psychology, and media and communication, as well as politics and theatre and performance--to map out and deepen the evolving interdisciplinary engagement. Organized into seven thematic sections, the volume investigates the relationship between politics and performance to show that certain features of political transactions shared by performances are fundamental to both disciplines--and that to a large extent they also share a common communicational base and language.*

THE OXFORD COMPANION TO AMERICAN POLITICS

Oxford University Press *Provides students and scholars with a valuable reference source in the field of American Politics. The Companion will equip readers with a deep understanding of the complex interaction between governmental institutions and processes and the wider American economy and society that they govern.*

THE OXFORD HANDBOOK OF SPANISH POLITICS

Oxford University Press, USA *The Oxford Handbook of Spanish Politics provides a comprehensive and comparative overview of the Spanish political system through the lens of political science. It aims to move away from a complacent analysis of Spanish democracy and provide a nuanced view of some of its strengths and challenges. The Handbook introduces Spanish politics to an international audience of scholars and practitioners. It is structured around six sections that cover Spain's political history, institutional changes, elections, civil society, policy-making, and foreign affairs. The volume brings together a distinguished group of 47 internationally renowned scholars who study Spain in its own right, or as a case among others in a comparative perspective. The contributors provide expert accounts of contemporary Spain, making the Oxford Handbook of Spanish Politics an invaluable resource for anyone interested in Spanish politics and government since the country's transition to democracy.*

THE OXFORD HANDBOOK OF THE HISTORY OF POLITICAL PHILOSOPHY

Oxford University Press *Fifty distinguished contributors survey the entire history of political philosophy. They consider questions about how the subject should best be studied; they examine historical periods and great theorists in their intellectual contexts; and they discuss aspects of the subject that transcend periods, such as democracy, the state, and imperialism.*

CASES AND CONCEPTS IN COMPARATIVE POLITICS

SECOND EDITION WITH EBOOK AND INQUIZITIVE

W.W. Norton & Company Based on O'Neil, Fields, and Share's market-leading textbook and casebook, *Cases and Concepts in Comparative Politics: An Integrated Approach* integrates concepts and cases in one volume. Students get all of the materials in a straightforward, easy-to-use, and cost-effective way.

THE OXFORD HANDBOOK OF ENERGY POLITICS

Oxford University Press, USA "In many ways, everything we once knew about energy resources and technologies has been impacted by: the longstanding scientific consensus on climate change and related support for renewable energy; the affordability of extraction of unconventional fuels; increasing demand for energy resources by middle- and low-income nations; new regional and global stakeholders; fossil fuel discoveries and emerging renewable technologies; awareness of (trans)local politics; and rising interest in corporate social responsibility (CSR) and the need for energy justice. Research on these and related topics now appears frequently in social science academic journals-in broad-based journals, such as *International Organization*, *International Studies Quarterly*, and *Review of International Political Economy*, as well as those focused specifically on energy (e.g., *Energy Research & Social Science and Energy Policy*), the environment (*Global Environmental Politics*), natural resources (*Resources Policy*), and extractive industries (*Extractive Industries and Society*). The *Oxford Handbook of Energy Politics* synthesizes and aggregates this substantively diverse literature to provide insights into, and a foundation for teaching and research on, critical energy issues primarily in the areas of international relations and comparative politics. Its primary goals are to further develop the energy politics scholarship and community, and generate sophisticated new work that will benefit a variety of scholars working on energy issues"--

THE OXFORD HANDBOOK OF LAW AND POLITICS

OUP Oxford The study of law and politics is one of the foundation stones of the discipline of political science, and it has been one of the most productive areas of cross-fertilization between the various subfields of political science and between political science and other cognate disciplines. This *Handbook* provides a comprehensive survey of the field of law and politics in all its diversity, ranging from such traditional subjects as theories of jurisprudence, constitutionalism, judicial politics and law-and-society to such re-emerging subjects as comparative judicial politics, international law, and democratization. The *Oxford Handbook of Law and Politics* gathers together leading scholars in the field to assess key literatures shaping the discipline today and to help set the direction of research in the decade ahead.

THE OXFORD HANDBOOK OF THE WELFARE STATE

OUP Oxford The *Oxford Handbook of the Welfare State* is the authoritative and definitive guide to the contemporary welfare state. In a volume consisting of nearly fifty newly-written chapters, a broad range of the world's leading scholars offer a comprehensive account of everything one needs to know about the modern welfare state. The book is divided into eight sections. It opens with three chapters that evaluate the philosophical case for (and against) the welfare state. Surveys of the welfare state's history and of the approaches taken to its study are followed by four extended sections, running to some thirty-five chapters in all, which offer a comprehensive and in-depth survey of our current state of knowledge across the whole range of issues that the welfare state embraces. The first of these sections looks at inputs and actors (including the roles of parties, unions, and employers), the impact of gender and religion, patterns of migration and a changing public opinion, the role of international organisations and the impact of globalisation. The next two sections cover policy inputs (in areas such as pensions, health care, disability, care of the elderly, unemployment, and labour market activation) and their outcomes (in terms of inequality and poverty, macroeconomic performance, and retrenchment). The seventh section consists of seven chapters which survey welfare state experience around the globe (and not just within the OECD). Two final chapters consider questions about the global future of the welfare state. The individual chapters of the *Handbook* are written in an informed but accessible way by leading researchers in their respective fields giving the reader an excellent and truly up-to-date knowledge of the area under discussion. Taken together, they constitute a comprehensive compendium of all that is best in contemporary welfare state research and a unique guide to what is happening now in this most crucial and contested area of social and political development.

THE OXFORD HANDBOOK OF COMPARATIVE ADMINISTRATIVE LAW

Oxford University Press, USA In this *Handbook*, distinguished experts in the field of administrative law discuss a wide range of issues from a comparative perspective. The book covers the historical beginnings of comparative administrative law scholarship, and discusses important methodological issues and basic concepts such as administrative power and accountability.

INTRODUCTION TO COMPARATIVE POLITICS

THE STATE AND ITS CHALLENGES

Cambridge University Press This accessible introduction to comparative politics offers a fresh, state-centered perspective on the fundamentals of political science.

OXFORD HANDBOOK OF THE INTERNATIONAL RELATIONS OF ASIA

Oxford University Press, USA This handbook examines the theory and practice of international relations in Asia. Building on an investigation of how various theoretical approaches to international relations can elucidate Asia's empirical realities, authors examine the foreign relations and policies of major countries or sets of countries.

THE OXFORD HANDBOOK OF POLITICAL IDEOLOGIES

OUP Oxford This is the first comprehensive volume to offer a state of the art investigation both of the nature of political ideologies and of their main manifestations. The diversity of ideology studies is represented by a mixture of the range of theories that illuminate the field, combined with an appreciation of the changing complexity of concrete ideologies and the emergence of new ones. Ideologies, however, are always with us. The *Handbook* is divided into three sections: The first is divided into three sections: The first reflects some of the latest thinking about the development of ideology on an historical dimension, from the standpoints of conceptual history, Marx studies, social science theory and history, and leading schools of continental philosophy. The second includes some of the most recent interpretations and theories of ideology, all of which are sympathetic in their own ways to its exploration and close investigation, even when judiciously critical of its social impact. This section contains many of the more salient contemporary accounts of ideology. The third focuses on the leading ideological families and traditions, as well as on some of their cultural and geographical manifestations, incorporating both historical and contemporary perspectives. Each chapter is written by an expert in their field, bringing the latest approaches and understandings to their task. The *Handbook* will position the study of ideologies in the mainstream of political theory and political analysis and will attest to its indispensability both to courses on political theory and to scholars who wish to take their understanding of ideologies in new directions.

THE OXFORD COMPANION TO INTERNATIONAL RELATIONS

Oxford University Press, USA Articles are organized alphabetically from Afghanistan to Kosovo War (volume 1) and Latin American and Caribbean regional organizations to Yugoslavia (volume 2).
